

MEMBERSHIP ANNOUNCEMENT

As of January 2018 registration for Weightlifting Scotland club **affiliation, membership and competition** entries will only be done online via the **British Weightlifting website**.

Membership fees (which will increase slightly) include full affiliation or membership for both Weightlifting Scotland and British Weightlifting, and allow access to the BWL online portal to view rankings and results. Furthermore, competition entry and payment will be updated and streamlined through the new system.

This change does not affect current memberships / affiliations - all are still valid until expiration. We recommend checking your status date at this time.

January competitions that have been announced will still be handled through Weightlifting Scotland. Entry forms for January events can be downloaded from www.weightliftingscotland.com
